## INDEPENDENT AUDITOR'S REPORT

To the Board of Directors  
Inland Valley Development Agency  
San Bernardino, California

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Inland Valley Development Agency (Agency), as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

#### **Eadie + Payne, LLP**

3880 Lemon St., Ste. 300  
Riverside, CA 92501

P.O. Box 1529  
Riverside, CA 92502-1529

Office: 951-241-7800

[www.eadiepaynellp.com](http://www.eadiepaynellp.com)

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Agency as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Litigation***

As discussed in Note 11 to the financial statements, the Agency, as Successor Agency of the former IVDA Redevelopment Agency (Successor Agency), is involved in litigation against the State of California Department of Finance (DOF) challenging the DOF's denial of the obligations submitted by the Successor Agency on the Recognized Obligation Payment Schedules (ROPS) for fiscal years 2016-2017 and 2017-2018. Management's evaluation of the events and conditions and management's plans regarding those matters are also described in Note 11. Our opinion is not modified with respect to this matter.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that management's discussion and analysis and budgetary comparison information on pages 4 through 14 and pages 49 and 50 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated October 18, 2019, on our consideration of the Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Agency's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Agency's internal control over financial reporting and compliance.

# INLAND VALLEY DEVELOPMENT AGENCY

## Management's Discussion and Analysis July 1, 2018 through June 30, 2019

The Inland Valley Development Agency (“Agency”) is a regional joint powers authority (“JPA”) specifically designated by the U.S. Department of Defense as the officially recognized Local Redevelopment Authority as defined under 32 CFR Part 175, Section 175.3 and under Public Law 100-526 (also referred to as the Base Realignment and Closure Act) created in 1990.

The Agency was created for the purpose of acquiring the former Norton Air Force Base (“Air Base”) to facilitate the successful reuse of the property and to promote economic development within the area surrounding the Air Base. In addition to the powers inherent in the Agency as formed as a joint exercise of powers authority pursuant to Government Code Section 6500, et seq., the Agency was granted certain additional powers through the adoption of AB419 by the State Legislature in 1989 as currently found in Health & Safety Code Section 33492.40, whereby the Agency also has the ability to exercise redevelopment powers under California Community Redevelopment Law. Since redevelopment agency dissolution on February 1, 2012, the Agency has functioned as a successor agency.

The Agency derives revenue from the Redevelopment Property Tax Trust Fund (“RPTTF”), member contributions from the member jurisdictions, intergovernmental revenue, lease income, and fees for services.

The Agency members are the City of Colton, City of Loma Linda, City of San Bernardino, and the County of San Bernardino in Southern California.

# The Financial Statements

The Agency's financial statements consist of four parts: *Management's Discussion and Analysis*, *basic financial statements*, *Notes to the Financial Statements*, and *Required Supplementary Information*. The financial statements present two views of the Agency- government-wide and by fund.

The *Management's Discussion and Analysis* or MD&A is an integrated part of a company's annual financial statements. The purpose of the MD&A is to provide a narrative explanation, through the eyes of management, of how an entity has performed in the past, its financial condition, and its future prospects.

*Government-Wide Financial Statements* report information about the Agency as a whole using accounting methods similar to those used by private-sector companies, and for the Agency's purpose, have two categories: governmental activities and business-type activities. These statements consist of a *Statement of Net Position* and a *Statement of Activities*. The *Statement of Net Position* includes all of the Agency's assets, liabilities, and deferred outflows and deferred inflows of resources. Current year's revenues and expenses are accounted for in the *Statement of Activities* regardless when cash is received or paid.

*Fund Financial Statements* provide more detailed information about the Agency's most significant funds. The Agency uses fund accounting to keep track of specific sources of funding and spending for particular purposes. The Agency has three kinds of funds:

- governmental funds,
- proprietary funds, and
- fiduciary funds.

Governmental Fund. The Agency has one governmental fund- the *JPA General Fund*. Financial activity for the fund is presented in the following statements:

- *Balance Sheet-Governmental Fund*,
- *Statement of Revenues, Expenditures, and Changes in Fund Balances-Governmental Fund*.

The following reconciliations are provided to enhance the readers' understanding of the differences between the two sets of statements.

- *Reconciliation of the Balance Sheet-Governmental Fund to the Statement of Net Position*,
- *Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balance of Governmental Fund to the Statement of Activities*.

Proprietary Fund. The Agency uses an enterprise fund, a type of proprietary fund, to account for the Water and Sewer Funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. Beginning in the 2003 fiscal year, these funds collect water and sewer revenues from retail users. Expenses are incurred for costs related to providing water and sewer services to the users. These funds' financial statements include the *Statement of Net Position-Proprietary Fund*, *Statement of Revenues, Expenditures, and Changes in Fund Net Position-Proprietary Fund*, and a *Statement of Cash Flows-Proprietary Fund*.

Fiduciary Fund. Fiduciary funds are used to account for assets held in trust by the government for the benefit of individuals or other entities. The Agency maintains the Private-Purpose Trust Fund to report the assets, liabilities, deferred inflows and deferred outflows of resources, and activities of the Successor Agency. The fiduciary fund financial statements include the *Statement of Fiduciary Net Position*, and the *Statement of Changes in Fiduciary Net Position*.

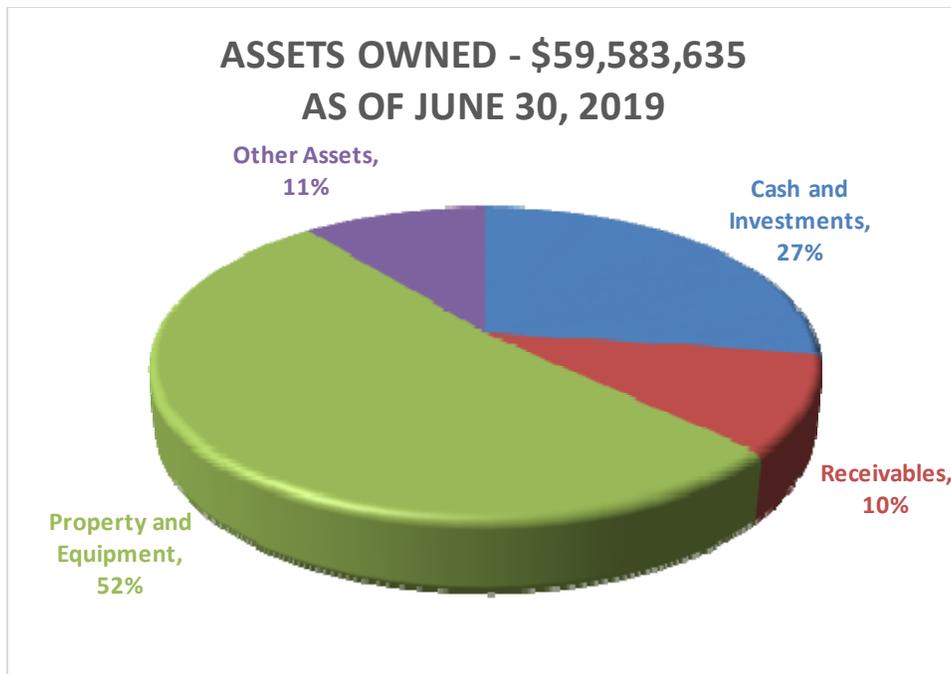

*Notes to Financial Statements* ("Notes") are additional information added to the end of financial statements that help explain specific items in the statements as well as provide a more comprehensive assessment of an entity's financial condition. Notes to financial statements can include information on debt, going concern criteria, accounts, contingent liabilities or contextual information explaining the financial numbers (e.g. to indicate a lawsuit).

*Required Supplementary Information* consists of the *Schedule of Revenues, Expenditures, and Changes in Fund Balance-Budget and Actual General Fund* and *Note to Required Supplementary Information*.

# Summary Financial Information and Analysis

## Government-Wide Financial Statements

The following chart reflects the composition of total assets owned at June 30, 2019 as shown on the *Government-Wide Statement of Net Position* (governmental and business-type activities).

The following is a comparison of the summaries of financial position and changes in net position shown on the government-wide financial statements (governmental activities only) for fiscal years ended 2019 and 2018.<sup>1</sup>

**FINANCIAL STATEMENT SUMMARY**  
**Governmental Activities**  
(in thousands)

	<u>June 30, 2019</u>	<u>June 30, 2018</u>
Current Assets	\$ 23,075	\$ 24,182
Noncurrent Assets	<u>\$ 36,163</u>	<u>\$ 34,127</u>
<b>Total Assets</b>	<b>\$ 59,238</b>	<b>\$ 58,309</b>
Current Liabilities	\$ 593	\$ 568
Noncurrent Liabilities	<u>\$ -</u>	<u>\$ -</u>
<b>Total Liabilities</b>	<b>\$ 593</b>	<b>\$ 568</b>
Net Investment in Capital Assets	\$ 30,944	\$ 32,293
Unrestricted	<u>\$ 27,700</u>	<u>\$ 25,448</u>
<b>Net Position</b>	<b><u>\$ 58,644</u></b>	<b><u>\$ 57,741</u></b>
Program Revenues	\$ 3,773	\$ 1,933
General Revenues and Transfers	<u>\$ 3,757</u>	<u>\$ 1,239</u>
<b>Total Revenues</b>	<b>\$ 7,530</b>	<b>\$ 3,172</b>
Program Expenses	<u>\$ (6,626)</u>	<u>\$ (4,169)</u>
Change in Net Position	\$ 903	\$ (997)
Beginning Net Position	<u>\$ 57,741</u>	<u>\$ 58,738</u>
<b>Ending Net Position</b>	<b><u>\$ 58,644</u></b>	<b><u>\$ 57,741</u></b>

The increase in Net Position of \$903,000 is primarily due to an increase in lease revenues and grant revenues received for the year.

<b>Ending Net Position</b>	<b><u>\$ 326</u></b>	<b><u>\$ 330</u></b>

---

<sup>2</sup> Numbers may not add due to rounding.

## Categories of Net Position

The Agency is required to present its net position in three categories: *Net Investment in Capital Assets*, *Restricted*, and *Unrestricted* reflected on the *Government-Wide Statement of Net Position*.

### Net Investment in Capital Assets

At June 30, 2019, Invested in Capital Assets, net of related debt was \$31,117,566.

### Restricted

No amount is restricted from net position as of June 30, 2019.

### Unrestricted

The Agency had \$27,853,218 at June 30, 2019 in unrestricted net position.

## Fiduciary Fund Financial Statements

The Agency has one fiduciary fund- the Successor Agency Fund (sub-classed as a private-purpose trust fund).

The following table is a comparison of the summary of the financial position and changes in net position for fiscal years ended 2019 and 2018.

In summary, for the year ended June 30, 2019 total assets and deferred outflows of resources in the fiduciary funds total \$34,659,601 and the total liability and deferred inflows of resources totaled \$248,108,882, which results in negative net position of \$213,449,281.

**FINANCIAL STATEMENT SUMMARY**  
**Fiduciary Fund**  
**Successor Agency Fund**  
**(in thousands)**

	<u>June 30, 2019</u>	<u>June 30, 2018</u>
<b>Total Assets+Deferred Outflows of Resources</b>	\$ 34,660	\$ 35,744
<b>Total Liabilities+Deferred Inflows of Resources</b>	<u>\$ (248,109)</u>	<u>\$ (253,077)</u>
<b>Total Net Position</b>	<u>\$ (213,449)</u>	<u>\$ (217,333)</u>
Additions	\$ 17,058	\$ 18,336
Deductions	<u>\$ (13,174)</u>	<u>\$ (12,432)</u>
<b>Change in Net Position</b>	<u>\$ 3,884</u>	<u>\$ 5,904</u>

The FY2019 Change in Net Position of \$3,883,974 is due to timing differences between property tax increment revenue and debt service payments.

## Budget to Actual Analysis

There were three significant variations between the original budget adopted on June 13, 2018 and the final actual amounts at fiscal year close.

Intergovernmental grants, \$3,583,629. This line item is a grant from the San Bernardino County Transportation Authority (SBCTA), formerly SANBAG, for a multi-year Inland Empire Goods Movement Gateway project. The allocation in the budget reflected the revenue for the entire project; however, related capital projects under the program were deferred pending regulatory approvals. Therefore, the Agency did not seek reimbursement from SBCTA in this fiscal year.

Charges for services, \$3,885,000. This variance exists due to a delay of pending reimbursement receipts that were anticipated but were not received during this fiscal year.

Project Improvement Costs, \$16,932,668. This line item reflects the budget for the entire cost of capital projects that span multiple years. However, the Agency did not incur all the costs for construction in process during the fiscal year resulting in a variance.

# Additional Information and Analysis

## Development Projects

The Agency previously entered into an ongoing Master Disposition and Development Agreement (MDDA) with Hillwood/San Bernardino, LLC, a Delaware limited liability company, owned 100% by H. Ross Perot, Jr. The MDDA's purpose is to develop Alliance-California, a business and industrial park in and around the San Bernardino International Airport. As of December, 2018, over 14 million square feet of new facilities had been developed on or near the former Base.

The Agency also entered into an Owners Participation Agreement with Stater Bros. Markets, a California Corporation, and a Tri-Party Agreement with Stater Bros. Markets and Hillwood/San Bernardino, LLC, a Delaware limited liability company. These agreements allowed Stater Bros. Market to relocate their corporate offices and distribution facilities to the former Norton Air Force Base. This development project has been completed, and Stater Bros. Market has constructed over 2.1 million square feet of warehousing facilities which provides over 2,000 jobs.

In 2005-06, the Inland Valley Development Agency was appropriated \$36,500,000, in the Federal SAFETEA-LU bill, for the Inland Goods Movement Gateway project. This project serves to build roads, bridges, and other infrastructure facilities in and around the former Norton Air Force Base. The remainder of these funds are planned to be spent in the 2019-2020 fiscal years for improvements on 3rd Street, 5th Street, and the subsequent phases of the Mountain View Avenue Bridge and Roadway Improvements Project.

In 2019-20, the Inland Valley Development Agency will continue to help develop the San Bernardino International Airport pursuant to its military base reuse joint powers authority obligations.

Pursuant to its obligations, the Agency has previously committed to support the San Bernardino International Airport Authority through and including the 2018-19 fiscal year to assist airport operations and other capital project needs.

# Going Forward

On February 27, 2014, the IVDA entered into a binding settlement agreement with the State of California, Department of Finance (DOF) and others to resolve prior litigation matters regarding the IVDA's unique formation and operation under Federal and State law. That settlement ensures that going forward, the IVDA has a separate Successor Agency function that serves to address the post-dissolution functions related to IVDA's exercise of California redevelopment powers. It further establishes that IVDA's existence and operation as a military base reuse joint powers authority was not dissolved and continues to function for the purposes for which it was originally established. The Successor Agency and the Joint Powers Authority are separate and distinct legal entities.

On May 15, 2014, the IVDA completed a comprehensive refinancing of all long-term debt with the issuance of its IVDA 2014 Tax Allocation Refunding Bonds Series A and Series B. This \$239m issuance provides for stable and level debt service payments through 2045.

Going forward, the IVDA military base reuse joint powers authority continues to be engaged in implementation of its base reuse plan, supporting the San Bernardino International Airport, and deploying quality public infrastructure projects, programs, and services throughout its base reuse project area (a 3-mile radius around the former base).

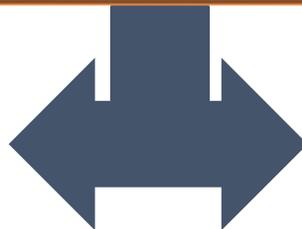

Going forward, the IVDA is...

*A regional joint powers authority dedicated to the reuse of the former Norton Air Force Base for the economic benefit of the East Valley."*

With the Sole & Specific Purposes to Achieve

Community and Economic Revitalization: In furtherance of its unique Federal Base Reuse Obligations & Regional Support

Comprehensive Military Base Reuse and Development of a Safe and Sustainable Public Airport

INLAND VALLEY DEVELOPMENT AGENCY  
**NOTES TO FINANCIAL STATEMENTS**  
JUNE 30, 2019

1. **ORGANIZATION**

Inland Valley Development Agency (Agency) is a Joint Powers Authority (JPA) formed pursuant to the provisions of the Government Code of the State of California and is comprised of four local governmental entities. These entities are the County of San Bernardino and the Cities of San Bernardino, Colton, and Loma Linda. The Agency was initially formed pursuant to a Joint Powers Agreement dated January 24, 1990, which was subsequently amended on February 12, 1990. The Agency was created to serve as a federal base reuse authority pursuant to the requirements of the Department of Defense in the Base Realignment and Closure Act for effectuating the conversion of the former Norton Air Force Base into civilian reuse. In addition, the Agency had the ability to exercise redevelopment powers pursuant to a special legislation, which became a part of the California Community Redevelopment Law. Specifically, Health and Safety Code Section 33320.5, which became effective January 1, 1990, provides that the Agency shall have, and exclusively exercise, powers of a redevelopment agency pursuant to the California Community Redevelopment Law in connection with a redevelopment project area approved by such joint powers authority.

The Agency adopted a Redevelopment Plan for the Inland Valley Redevelopment Project Area. The Agency's prime purpose and function in the adoption of this Redevelopment Plan was to provide the mechanism and funding to (1) acquire Norton Air Force Base (Air Base) and facilitate the successful reuse of the property; (2) ensure that adequate access exists to and from the major transportation systems and the Air Base; and (3) promote economic development within the area surrounding the Air Base.

California redevelopment agencies were dissolved effective January 31, 2012 pursuant to Assembly Bill (AB)x1 26. The Agency elected to serve as the successor agency to hold the assets of the former redevelopment agency until they are distributed to other units of State and local government.

INLAND VALLEY DEVELOPMENT AGENCY  
**NOTES TO FINANCIAL STATEMENTS**  
JUNE 30, 2019

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**A. Reporting Entity**

As required by generally accepted accounting principles, these financial statements present the Agency and the Successor Agency.

Pursuant to the provisions of the Redevelopment Restructuring Act, the Agency elected to become the successor agency of the former redevelopment agency. All assets and liabilities related to the former redevelopment agency were transferred to the Successor Agency as of February 1, 2012, and the activities of the Successor Agency are reported as a fiduciary fund in the accompanying financial statements. The Successor Agency operates under the auspices of a legislatively formed Oversight Board comprised of representatives of the local agencies that serve the redevelopment project area. It is tasked with fulfilling the obligations of the former redevelopment agency.

**B. Government-Wide and Fund Financial Statements**

The basic financial statements of the Agency are comprised of the following:

- Government-wide financial statements;
- Fund financial statements; and
- Notes to the financial statements.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the reporting entity. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

INLAND VALLEY DEVELOPMENT AGENCY  
**NOTES TO FINANCIAL STATEMENTS**  
JUNE 30, 2019

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

B. **Government-Wide and Fund Financial Statements (Continued)**

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds. Fiduciary funds are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

C. **Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

The proprietary and private-purpose trust funds are reported using the economic resources measurement focus and the accrual basis of accounting. The agency fund has no measurement focus but utilizes the accrual basis of accounting for reporting its assets and liabilities.

The Agency reports the following major governmental funds:

*General Fund* - This is the Agency's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

INLAND VALLEY DEVELOPMENT AGENCY  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2019

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**  
C. **Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)**

The Agency reports the following major proprietary fund:

*Enterprise Fund* - The Enterprise Fund is used to account for those operations that are financed and operated in a manner similar to private business, where the intent of the Board of Directors is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The Agency reported the following enterprise fund:

*Water and Sewer Fund* - This fund accounts for the activities of the government in providing water and sewer services to retail users.

The Agency reports the following fiduciary fund types:

*Private-Purpose Trust Fund* - This fund is a fiduciary fund type used by the Agency to report trust arrangements under which principal and income benefit other governments. This fund reports the assets, liabilities, and activities of the Successor Agency.

Certain eliminations have been made as prescribed by Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, in regards to interfund activities, payables, and receivables. All internal balances in the statement of net position have been eliminated except those representing balances between the governmental activities and the business-type activities, which are presented as internal balances. In the statement of activities, internal service fund transactions have been eliminated; however, those transactions between governmental and business-type activities have not been eliminated.

Amounts reported as program revenues include: (1) charges to customers or applicants for goods, services, or privileges provided; (2) operating grants and contributions; and (3) capital grants and contributions. Internally-dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

INLAND VALLEY DEVELOPMENT AGENCY  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2019

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

C. **Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)**

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenue of the water and sewer fund consists of charges to customers for water and sewer services. Operating expenses for enterprise funds include the cost of salaries and benefits, services and supplies, administrative expenses, utilities, maintenance, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

D. **Budgetary Practices**

Each year, the Agency adopts a budget for all governmental funds, which provide for the general operations of the Agency. Budgets are prepared on the modified accrual basis of accounting.

E. **Cash**

Cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

F. **Investments**

Investments for the government are reported at fair value (generally based on quoted market prices) except for the position in the Local Agency Investment Fund (LAIF), which is part of the pooled money investment account that is regulated by the California Government Code under the oversight of the State Treasurer, Director of Finance, and State Controller. The Agency's investment in this pool is reported in the accompanying financial statements at cost, which approximates fair value. Fair value is calculated based on the Agency's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio).

INLAND VALLEY DEVELOPMENT AGENCY  
**NOTES TO FINANCIAL STATEMENTS**  
JUNE 30, 2019

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

G. **Receivables and Payables**

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either due to/from other funds (i.e., the current portion of interfund loans) or advances to/from other funds (i.e., the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as due to/from other funds. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as internal balances.

Accounts receivable are stated at the amount management expects to collect from outstanding balances. A receivable balance is charged off in the period in which the receivable is deemed uncollectible. All accounts receivable are shown net of an allowance for uncollectibles when applicable. Management evaluates uncollectible amounts based on its assessment of the current status of individual accounts. Accounts receivable in the General Fund are deemed to be fully collectible. In the Successor Agency, accounts receivable are presented net of an allowance for doubtful accounts of \$55,763 at June 30, 2019.

H. **Capital Assets**

Capital assets, which include property and equipment are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and have an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

INLAND VALLEY DEVELOPMENT AGENCY  
**NOTES TO FINANCIAL STATEMENTS**  
 JUNE 30, 2019

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**H. Capital Assets (Continued)**

Capital assets of the government are depreciated using the straight-line method over the following estimated useful lives:

<u>ASSETS</u>	<u>YEARS</u>
Structures and improvements	10-35
Equipment and vehicles	5-7

Construction in progress includes all capitalized costs for expenditures directly incurred to bring a capital asset to a useable condition. These capitalized costs will be recorded to capital assets when the asset is operational. At that time, the costs will be depreciated or amortized over the respective capital asset's useful life.

**I. Property Held for Sale or Disposition**

Property held for sale or disposition is reported in the statement of fiduciary net position at the lower of cost or net realizable value.

**J. Bond Issuance Costs and Premiums/Discounts**

Bond premiums and discounts in the fiduciary funds are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are recognized as an outflow of resources in the period incurred on the statement of changes in fiduciary net position.

**K. Employee Compensated Absences**

Accumulated vacation, holiday benefits, sick pay, and compensatory time are recorded as an expense and liability as the benefits are earned. Compensated absence liabilities are recorded when incurred in the government-wide and proprietary fund financial statements.

**L. Deferred Outflows/Inflows of Resources**

A deferred outflow of resources is defined as a consumption of net position by the Agency that is applicable to a future reporting period. A deferred inflow of resources is defined as an acquisition of net position by the Agency that is applicable to a future reporting period. The Successor Agency has two items in the statement of net position, which qualify for reporting in these categories: deferred loss on refunding and deferred gain on refunding.

INLAND VALLEY DEVELOPMENT AGENCY  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2019

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

M. **Net Position Classification**

In the government-wide financial statements, net position is categorized as follows:

*Net Investment in Capital Assets* - This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds are not included in the calculation of invested in capital assets, net of related debt. Rather, that portion of the debt is included in the same net position component as the unspent proceeds.

*Restricted Net Position* - This component of net position consists of constraints placed on net position through external constraints imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.

*Unrestricted Net Position* - This component of net position consists of net position that does not meet the definition of *Net Investment in Capital Assets*, or *Restricted Net Position*.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, and then unrestricted resources as they are needed.

N. **Fund Balances**

In the fund financial statements, fund balances are categorized as follows:

*Nonspendable* - Items that cannot be spent because they are not in a spendable form (such as inventory) or items that are legally or contractually required to be maintained intact.

*Restricted* - Items with constraints placed on their use that are either: (1) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (2) imposed by law by constitutional provisions or by enabling legislation.

INLAND VALLEY DEVELOPMENT AGENCY  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2019

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

N. **Fund Balances (Continued)**

*Committed* - Items that encompass the portion of net fund resources, the use of which is constrained by the limitations that the government imposes upon itself at its highest level of decision-making authority (Board of Directors) through resolution and that remain binding unless removed in the same manner.

*Assigned* - Items that are constrained by the government's intent to be used for specific purposes. The intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority. The Board of Directors is authorized for this purpose.

*Unassigned* - This category is for any spendable balances that have not been restricted, committed, or assigned to a specific purpose.

For the classification of fund balances, the Agency considers restricted amounts to have been spent before unrestricted if the expenditure meets the criteria for use of restricted funds. Unrestricted funds are used in the following order: committed, assigned, and unassigned funds.

O. **Property Taxes**

The Agency receives incremental property taxes on property within its project area over a base assessed valuation on the date the project area was established. The duties of assessing and collecting property taxes are performed by the San Bernardino County Assessor and Tax Collector, respectively. Tax levies cover the period from July 1 to June 30 of each year. All tax liens attach annually on the first day in March preceding the fiscal year for which the taxes are levied. Taxes are levied on both real and personal property as it exists on that date.

Secured property taxes are levied against real property and are due and payable in two equal installments. The first installment is due on November 1 and becomes delinquent if not paid by December 10. The second installment is due on February 1 and becomes delinquent if not paid by April 10. Unsecured personal property taxes are due on July 1 each year. These taxes become delinquent if not paid by August 31.

The Agency records incremental property tax revenues in the fiscal year to which they relate and are received, rather than at the related lien date, except that an accrual is made for revenues received within 60 days after the end of the fiscal year.

INLAND VALLEY DEVELOPMENT AGENCY  
**NOTES TO FINANCIAL STATEMENTS**  
 JUNE 30, 2019

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

P. **Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Management believes that the estimates utilized in preparing its financial statements are reasonable and prudent. Actual results could differ from those estimates.

3. **CASH AND INVESTMENTS**

Cash and investments at June 30, 2019 are classified in the accompanying financial statements as follows:

	<u>AMOUNT</u>
Statement of Net Position	
Cash and investments	\$ 16,161,297
Statement of Fiduciary Net Position	
Cash and investments	8,707,898
Cash and investments with fiscal agents	<u>16,697,017</u>
<b>TOTAL CASH AND INVESTMENTS</b>	<b><u>\$ 41,566,212</u></b>

Cash and investments as of June 30, 2019 consisted of the following:

	<u>AMOUNT</u>
Cash deposits with financial institutions	\$ 24,680,672
Cash with fiscal agents	16,697,017
Investments in LAIF	<u>188,523</u>
<b>TOTAL CASH AND INVESTMENTS</b>	<b><u>\$ 41,566,212</u></b>

INLAND VALLEY DEVELOPMENT AGENCY  
**NOTES TO FINANCIAL STATEMENTS**  
 JUNE 30, 2019

3. **CASH AND INVESTMENTS (Continued)**

A. **Investments Authorized by the California Government Code and the Agency's Investment Policy**

The investments authorized by the Agency's investment policy are in accordance with Section 53601 of the California Government Code. The table below identifies the investment types that are authorized:

<u>AUTHORIZED INVESTMENT TYPE</u>	<u>MAXIMUM MATURITY</u>	<u>MAXIMUM PERCENTAGE OF PORTFOLIO</u>
Securities of the United States Government or its agencies	5 years	None
Treasury notes, bonds, or legal obligations of the State of California	5 years	None
Municipal bonds rated A+ by Standard & Poor's or A-1 by Moody's Investment Service or A+ by Fitch Ratings	5 years	None
Certificates of deposit	1 year	30%
Bankers acceptances	180 days	30%
Repurchase agreements	90 days	10%
Commercial paper rated A-1 by Standard & Poor's or P-1 by Moody's Investment Service	270 days	15%
California Local Agency Investment Fund	None	None
Time deposits	5 years	20%
Money-market accounts	5 years	20%

Investments of debt proceeds held by a bond trustee are governed by provisions of the debt agreement rather than the general provisions of the California Government Code or the Agency's investment policy. The amount held by a bond trustee is \$16,697,017.

INLAND VALLEY DEVELOPMENT AGENCY  
**NOTES TO FINANCIAL STATEMENTS**  
JUNE 30, 2019

3. **CASH AND INVESTMENTS (Continued)**

**B. Interest Rate Risk**

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates.

As of June 30, 2019, the Agency's investment in LAIF had an average maturity of 5.7 months.

**C. Credit Risk**

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. LAIF does not have a rating provided by a nationally recognized statistical rating organization.

**D. Concentrations of Credit Risk**

With the exception of securities of the U.S. government or its agencies and LAIF, it is the investment policy of the Agency that no more than 50% of the Agency's total investment portfolio be invested in a single investment type or with a single issuer. Investments of bond debt proceeds are not subject to this limitation.

**E. Custodial Credit Risk**

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party.

The Agency's investment policy requires that for investments in certificates of deposit and repurchase agreements, a collateral level of at least 102% of the market value of the deposit be maintained. The California Government Code requires that a financial institution secure deposits made by State or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under State law. The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies.

INLAND VALLEY DEVELOPMENT AGENCY  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2019

3. **CASH AND INVESTMENTS (Continued)**

E. **Custodial Credit Risk (Continued)**

As of June 30, 2019, \$7,580,972 of the Agency's deposits with financial institutions were in excess of federal depository insurance limits and were collateralized by securities held by the pledging financial institution's agent but not in the depositor's name.

As of June 30, 2019, \$8,457,898 of the Successor Agency's deposits with financial institutions were in excess of federal depository insurance limits and were collateralized by securities held by the pledging financial institution's agent but not in the depositor's name.

F. **Investment in State Investment Pool**

The Agency is a voluntary participant in LAIF, which is part of the pooled money investment account that is regulated by the California Government Code under the oversight of the State Treasurer, Director of Finance, and State Controller. The Agency's investment in this pool is reported in the accompanying financial statements at cost, which approximates fair value at amounts based on the Agency's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis. Investments in LAIF are highly liquid, as deposits can be converted to cash within 24 hours without loss of interest. All investments with LAIF are secured by the full faith and credit of the State of California. Separate LAIF financial statements are available from the California State Treasurer's Office on the Internet at <http://www.treasurer.ca.gov>.

Investment income from the pool is allocated back to the respective funds based on each fund's equity in the pool.

At June 30, 2019, the carrying amount of the investments in LAIF amounted to \$188,523 and its fair value amounted to \$188,846.

INLAND VALLEY DEVELOPMENT AGENCY  
**NOTES TO FINANCIAL STATEMENTS**  
JUNE 30, 2019

**4. RECEIVABLES**

On November 19, 2014, the Agency restated and amended two loan agreements with the San Bernardino International Airport (SBIAA) into a single loan. The original loans, issued in 2004 and 2005, each carried an outstanding balance at the time of the restatement of \$1,950,000. The restated loan of \$3,900,000 is to be repaid over seven years at an interest rate of 2% per annum or at the rate designated by LAIF, whichever is higher. Principal and interest payments of \$570,000 are payable annually beginning June 1, 2015. The balance at June 30, 2019 totaled \$1,833,390. The accrued interest balance at June 30, 2019 totaled \$47,261.

On April 17, 2018, the Agency entered into a loan agreement with the San Bernardino International Airport (SBIAA) in which the principal amount was not to exceed \$3,500,000, for the development of Hangar 795 at SBIAA. The loan is to be repaid over ten years at an interest rate of 2% per annum or at the rate designated by LAIF, whichever is higher. Principal and interest payments of \$120,000 are payable semiannually beginning November 1, 2018. The remaining principal amount is due in full on November 1, 2028. The balance at June 30, 2019 totaled \$3,385,080. The accrued interest balance at June 30, 2019 totaled \$65,324.

<b>TOTALS</b>	<u>\$ 247,848,670</u>	<u>\$ -</u>	<u>\$ (4,884,348)</u>	<u>\$ 242,964,322</u>	<u>\$ 5,025,101</u>

B. **Successor Agency to the Inland Valley Development Agency Tax Allocation Refunding Bonds, Series 2014A (\$146,220,000) and Series 2014B (\$93,650,000) (2014 Bonds)**

The Successor Agency issued Tax Allocation Bonds, Series 2014A and Series 2014B on May 15, 2014 totaling \$239,870,000. The Bonds were issued to refund and defease the Tax Allocation Bonds, Series 2011A, Series 2011B, and Series 2011C, and the CMB Investment Groups B and I-V promissory notes. In addition, bond proceeds were used to fund a debt service reserve account and to pay the costs of issuance of the 2014 Bonds. The 2014 Bonds are secured by and payable from the Successor Agency's tax revenues, which consist of all monies deposited from time to time in the Redevelopment Property Tax Trust Fund.

The 2014 Bonds are subject to optional redemption and mandatory sinking account redemption prior to their stated maturity.

The net proceeds of the 2014 bonds were \$248,871,000 with a net premium of \$9,111,391. The net proceeds were placed in an escrow account to advance refund the Tax Allocation Bonds, Series 2011A, Series 2011B, and Series 2011C, and the CMB Investment Groups B and I-V promissory notes, along with other sources of funds in the amount of \$33,370,960. The debt service payments for the new bonds will exceed the debt service payments for the old bonds by \$76,411,440, and will result in an economic loss of \$72,057,623, using effective rates ranging from 4.5% to 5.5%.

INLAND VALLEY DEVELOPMENT AGENCY  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2019

6. **LONG-TERM DEBT (Continued)**

B. **Successor Agency to the Inland Valley Development Agency Tax Allocation Refunding Bonds, Series 2014A (\$146,220,000) and Series 2014B (\$93,650,000) (2014 Bonds) (Continued)**

The proceeds from the refunding issue were placed in escrow accounts to pay the future debt service on the bonds being refunded. As a result, the refunded bonds are considered to be defeased and the liability has been removed from the statement of fiduciary net position.

The net carrying amount of the Series 2011A bonds exceeded its reacquisition price by \$1,253,278. The reacquisition price of the rest of the refunded bonds and promissory notes exceeded the net carrying amount by \$3,264,376. The amounts are reported as a deferred inflow and a deferred outflow of resources in the statement of fiduciary net position and amortized over the life of the new debt issued. The balances at June 30, 2019, net of amortization, are \$1,048,318 and \$2,394,827, respectively.

2014 Series A Bonds

The 2014A Bonds were issued in the aggregate principal amount of \$146,220,000 and will mature and be payable through September 1, 2044. The 2014A Bonds consist of \$48,925,000 term bonds maturing on September 1, 2037 bearing interest at 5.25% and \$97,295,000 term bonds maturing on September 1, 2044 bearing interest at 5.00%. The 2014A term bonds are subject to mandatory sinking fund redemption prior to maturity beginning March 1, 2033 equal to the sum of the principal amount plus accrued interest to the redemption date. Interest on the 2014A Bonds was initially payable on September 1, 2014 and semi-annually thereafter on each March 1 and September 1.

The 2014A Bonds were issued at a premium of \$10,320,691.

INLAND VALLEY DEVELOPMENT AGENCY  
**NOTES TO FINANCIAL STATEMENTS**  
 JUNE 30, 2019

6. **LONG-TERM DEBT (Continued)**

B. **Successor Agency to the Inland Valley Development Agency Tax Allocation Refunding Bonds, Series 2014A (\$146,220,000) and Series 2014B (\$93,650,000) (2014 Bonds) (Continued)**

Debt service requirements on these bonds are as follows:

C. **Interest Expense**

Total interest expense incurred for the Successor Agency for the year ended June 30, 2019 was \$11,988,002.

INLAND VALLEY DEVELOPMENT AGENCY  
**NOTES TO FINANCIAL STATEMENTS**  
JUNE 30, 2019

**7. FEDERAL AGENCY CAPITAL GRANTS**

The Agency was awarded, in 2010-2011, a grant totaling \$3,264,000 from the United States Department of Commerce Economic Development Administration to convert the former Air Force Base Defense Finance & Accounting Service (DFAS) Building 2 into commercial and light industrial use. Grant funds may also be used for related administrative and legal expenses, architectural and engineering fees, inspection fees, and contingencies. Revenue from grants is recognized in the fiscal year in which all eligibility requirements have been satisfied. Grant revenue of \$38,979 was recognized for the year ended June 30, 2019.

The Agency was awarded, in 2005-2006, a grant totaling \$36,500,000 from Measure I funds as a sub recipient of San Bernardino Associated Governments (SANBAG) for use in improvement or construction of arterial streets, highways, and bridge projects. Grant funds may also be used for related planning, design, environmental work, right-of-way acquisition, environmental and habitat mitigation, project and construction management, and construction of arterial streets, highways, and bridge projects as described by the San Bernardino County Transportation Authority. Revenue from grants is recognized in the fiscal year in which all eligibility requirements have been satisfied. Grant revenue of \$1,394,005 was recognized for the year ended June 30, 2019.

Federal grants are subject to review and audit by grantor agencies. Such audits could lead to requests for reimbursement to the grantor agency for any expenditure disallowed under the terms of the grant. The amount, if any, of expenditures which may be disallowed cannot be determined at this time, although based on prior experience, Agency management believes such disallowances, if any, will not be material.

**8. RELATED-PARTY TRANSACTIONS**

**A. Operating Expenses**

The Agency shares certain common expenses with SBIAA, a related party, by virtue of common control. These expenses, which include salaries, benefits, services, and supplies, are appropriately allocated between the two government agencies. The Agency's allocable share of the expenses paid by SBIAA are reported as due to other government agencies and SBIAA's allocable share of the expenses paid by the Agency are reported as due from other government agencies and are essentially short-term advances of working capital. The advances are noninterest bearing and due on demand. The net amount due from SBIAA for operating expenses at June 30, 2019 was \$5,985,843.

INLAND VALLEY DEVELOPMENT AGENCY  
**NOTES TO FINANCIAL STATEMENTS**  
JUNE 30, 2019

**8. RELATED-PARTY TRANSACTIONS (Continued)**

**B. Loans**

The Agency has two loans to SBIAA in the amount of \$5,218,470. The terms of the loans are described in Note 4.

**9. INTERFUND TRANSACTIONS**

During the year ended June 30, 2019, the Successor Agency transferred \$1,186,691 to the General Fund to reimburse expenses paid by the General Fund on its behalf.

**10. COMMITMENT TO SBIAA AIRPORT OPERATIONS**

The Agency and SBIAA entered into a written agreement dated January 19, 2011 entitled "Military Base Reuse and Airport Financing Agreement" (Financing Agreement). Pursuant to the Financing Agreement, the Agency pledged tax increment revenues to SBIAA to be utilized for "Airport Related Improvements" and "Other SBIAA Contractual Obligations" as defined in the Financing Agreement. Commencing with the January 1, 2012 ROPS and continuing through the January 1, 2016 ROPS, the Successor Agency submitted funding under the Financing Agreement as an enforceable obligation and, subject to some reclassification of the amounts requested, received approval from DOF for payments to SBIAA.

On the 2016-2017 ROPS, the Successor Agency requested a payment in the amount of \$5,587,738 under the Financing Agreement for Airport Operations. Despite having previously approved the Financing Agreement as an enforceable obligation under multiple prior ROPS, the DOF determined the requested amount was not an enforceable obligation. Following the DOF's denial, the Agency made a timely request for meet and confer and, on April 28, 2016, met with the DOF on the matter. The DOF issued a letter dated May 17, 2016 to the Successor Agency determining that the Financing Agreement was an enforceable obligation but reducing the payment to zero, claiming it did not receive adequate documentation. The Agency again provided documentation for the payment to SBIAA under the Financing Agreement, including the same documentation that had been acceptable to DOF on prior ROPS, but DOF refused to fund the obligation to SBIAA.

The Agency filed the First Petition challenging the DOF's reduction of the requested payment under the Financing Agreement on the 2016-2017 ROPS to zero. The Court issued a ruling dated May 16, 2017 which determined that DOF abused its discretion in reducing the amount of the requested payment under the Financing Agreement to zero and ordered DOF to "...engage in a meaningful meet and confer effort concerning the amount requested in the Agency's 2016-2017 ROPS for Airport Operations."

INLAND VALLEY DEVELOPMENT AGENCY  
**NOTES TO FINANCIAL STATEMENTS**  
JUNE 30, 2019

**10. COMMITMENT TO SBIAA AIRPORT OPERATIONS (Continued)**

On the 2017-18 ROPS, the Successor Agency requested an annual payment of \$23,777,672 to SBIAA for Airport Operations under the Financing Agreement. The DOF disallowed the ROPS items related to this payment in May 2017.

A hearing was held on March 9, 2018 on the Second Petition at which hearing the Court issued a temporary stay of the action. The Court's reasoning for issuing the stay was that the enforceability of the Financing Agreement is at issue in the case filed under the First Petition (as discussed above), and resolution of the issue under the First Petition may affect the issue of enforceability of the Financing Agreement under the Second Petition.

As a result of the Court issuing the temporary stay, no further action has been taken on the case filed under the Second Petition and it remains on hold until the issue of enforceable payments under the Financing Agreement are resolved under the First Petition.

**11. LITIGATION**

In June 2016, the Successor Agency filed a petition for writ of mandate against Michael Cohen, in his official capacity as Director of State of California Department of Finance (DOF) in the Superior Court of California, County of Sacramento. The petition challenged the DOF's denial of the following obligations submitted by the Successor Agency on the ROPS 2016-2017 period.

In June 2017, the Successor Agency filed a second petition for writ of mandate against Michael Cohen, in his official capacity as Director of State of California Department of Finance (DOF) in the Superior Court of California, County of Sacramento. The petition challenged the DOF's continued denial of the obligations to SBCERA and SBIAA submitted by the Successor Agency on the ROPS 2017-2018 period.

**Payment to SBIAA for Airport Operation**

Refer to Note 10 Commitments.

The Successor Agency filed the Petition challenging the DOF's reduction of the requested payment under the Financing Agreement on the 2016-2017 ROPS to zero. The Court issued a ruling dated May 16, 2017 and ordered the DOF to "...engage in a meaningful meet and confer effort concerning the amount request in the Agency's 2017-2018 ROPS for Airport Operations."

INLAND VALLEY DEVELOPMENT AGENCY  
**NOTES TO FINANCIAL STATEMENTS**  
 JUNE 30, 2019

**11. LITIGATION (Continued)**

**Payment to SBIAA for Airport Operation (Continued)**

On April 28, 2018 the Successor Agency and DOF met and conferred on the issue of the amount of enforceable payment under the Financing Agreement for the 2016-2017 ROPS. During the meet and confer, DOF requested additional documentation of the expenses requested by the Successor Agency under the Financing Agreement. The Agency has provided the requested information to DOF and as of October 18, 2019 DOF is continuing its review of the documentation provided by the Successor Agency and has not issued any statement as to amounts payable under the Financing Agreement. The Successor Agency has filed another action to enforce the court's earlier ruling on the enforceability of the Financing Agreement and determine the amount payable to the Successor Agency thereunder.

**12. RPTTF APPORTIONMENT**

The Agency prepared a reconciliation of RPTTF receipts from the County of San Bernardino and payments made by the Successor Agency for enforceable obligations from inception of the Successor Agency on January 31, 2012 through June 30, 2017. As a result of the study, the Successor Agency is seeking to be reimbursed approximately \$3 million in approved enforceable obligations paid by the Successor Agency in excess of amounts received from the County of San Bernardino in addition to ROPS items under litigation as described in Note 11.

**13. PRIOR-PERIOD ADJUSTMENT OF GOVERNMENTAL FUND BALANCE**

The net position at the beginning of 2019 has been restated to increase the net position by \$126,685. This amount reflects a capital outlay expenditure that has been restated as a loan receivable from SBIAA, as part of the Hangar 795 loan (see note 4).

	Amount
<b>Fund Balance, July 1, 2018, Originally Stated</b>	<u>\$ 25,504,223</u>
Capital outlay reclassified as a receivable	126,685
<b>Fund Balance, July 1, 2018, Restated</b>	<u><u>\$ 25,630,908</u></u>

**14. SUBSEQUENT EVENTS**

Management has evaluated subsequent events through October 18, 2019, the date the financials were available to be issued. No events occurred through this date requiring disclosure.

**INLAND VALLEY DEVELOPMENT AGENCY**  
**NOTES TO REQUIRED SUPPLEMENTARY INFORMATION**  
JUNE 30, 2019

**BUDGETARY INFORMATION**

The Board of Directors adopts an annual budget, submitted by the Executive Director prior to June 30 each year. The appropriated budget is prepared by fund, function, and department. All annual appropriations lapse at the end of the fiscal year. The Board of Directors has the legal authority to amend the budget at any time during the fiscal year. The annual budget is prepared on a basis consistent with generally accepted accounting principles and is adopted for all governmental funds.
